

probability of AD between [0.42, 0.95]

probability of AD between [0.28, 0.67]

probability of AD between [0.42, 0.63]

probability of AD between [0.085, 0.82]

probability of AD between [0.063, 0.41]

probability of AD between [0.39, 0.61]

probability of AD between [0.64, 0.91]

probability of AD between [0.23, 0.98]

probability of AD between [0.3, 0.73]

probability of AD between [0.4, 0.61]

probability of AD between [0.5, 0.78]

probability of AD between [0.14, 0.49]

probability of AD between [0.12, 0.76]

probability of AD between [0.45, 0.67]

probability of AD between [0.38, 0.61]

probability of AD between [0.04, 0.69]

probability of AD between [0.38, 0.81]

probability of AD between [0.048, 0.44]

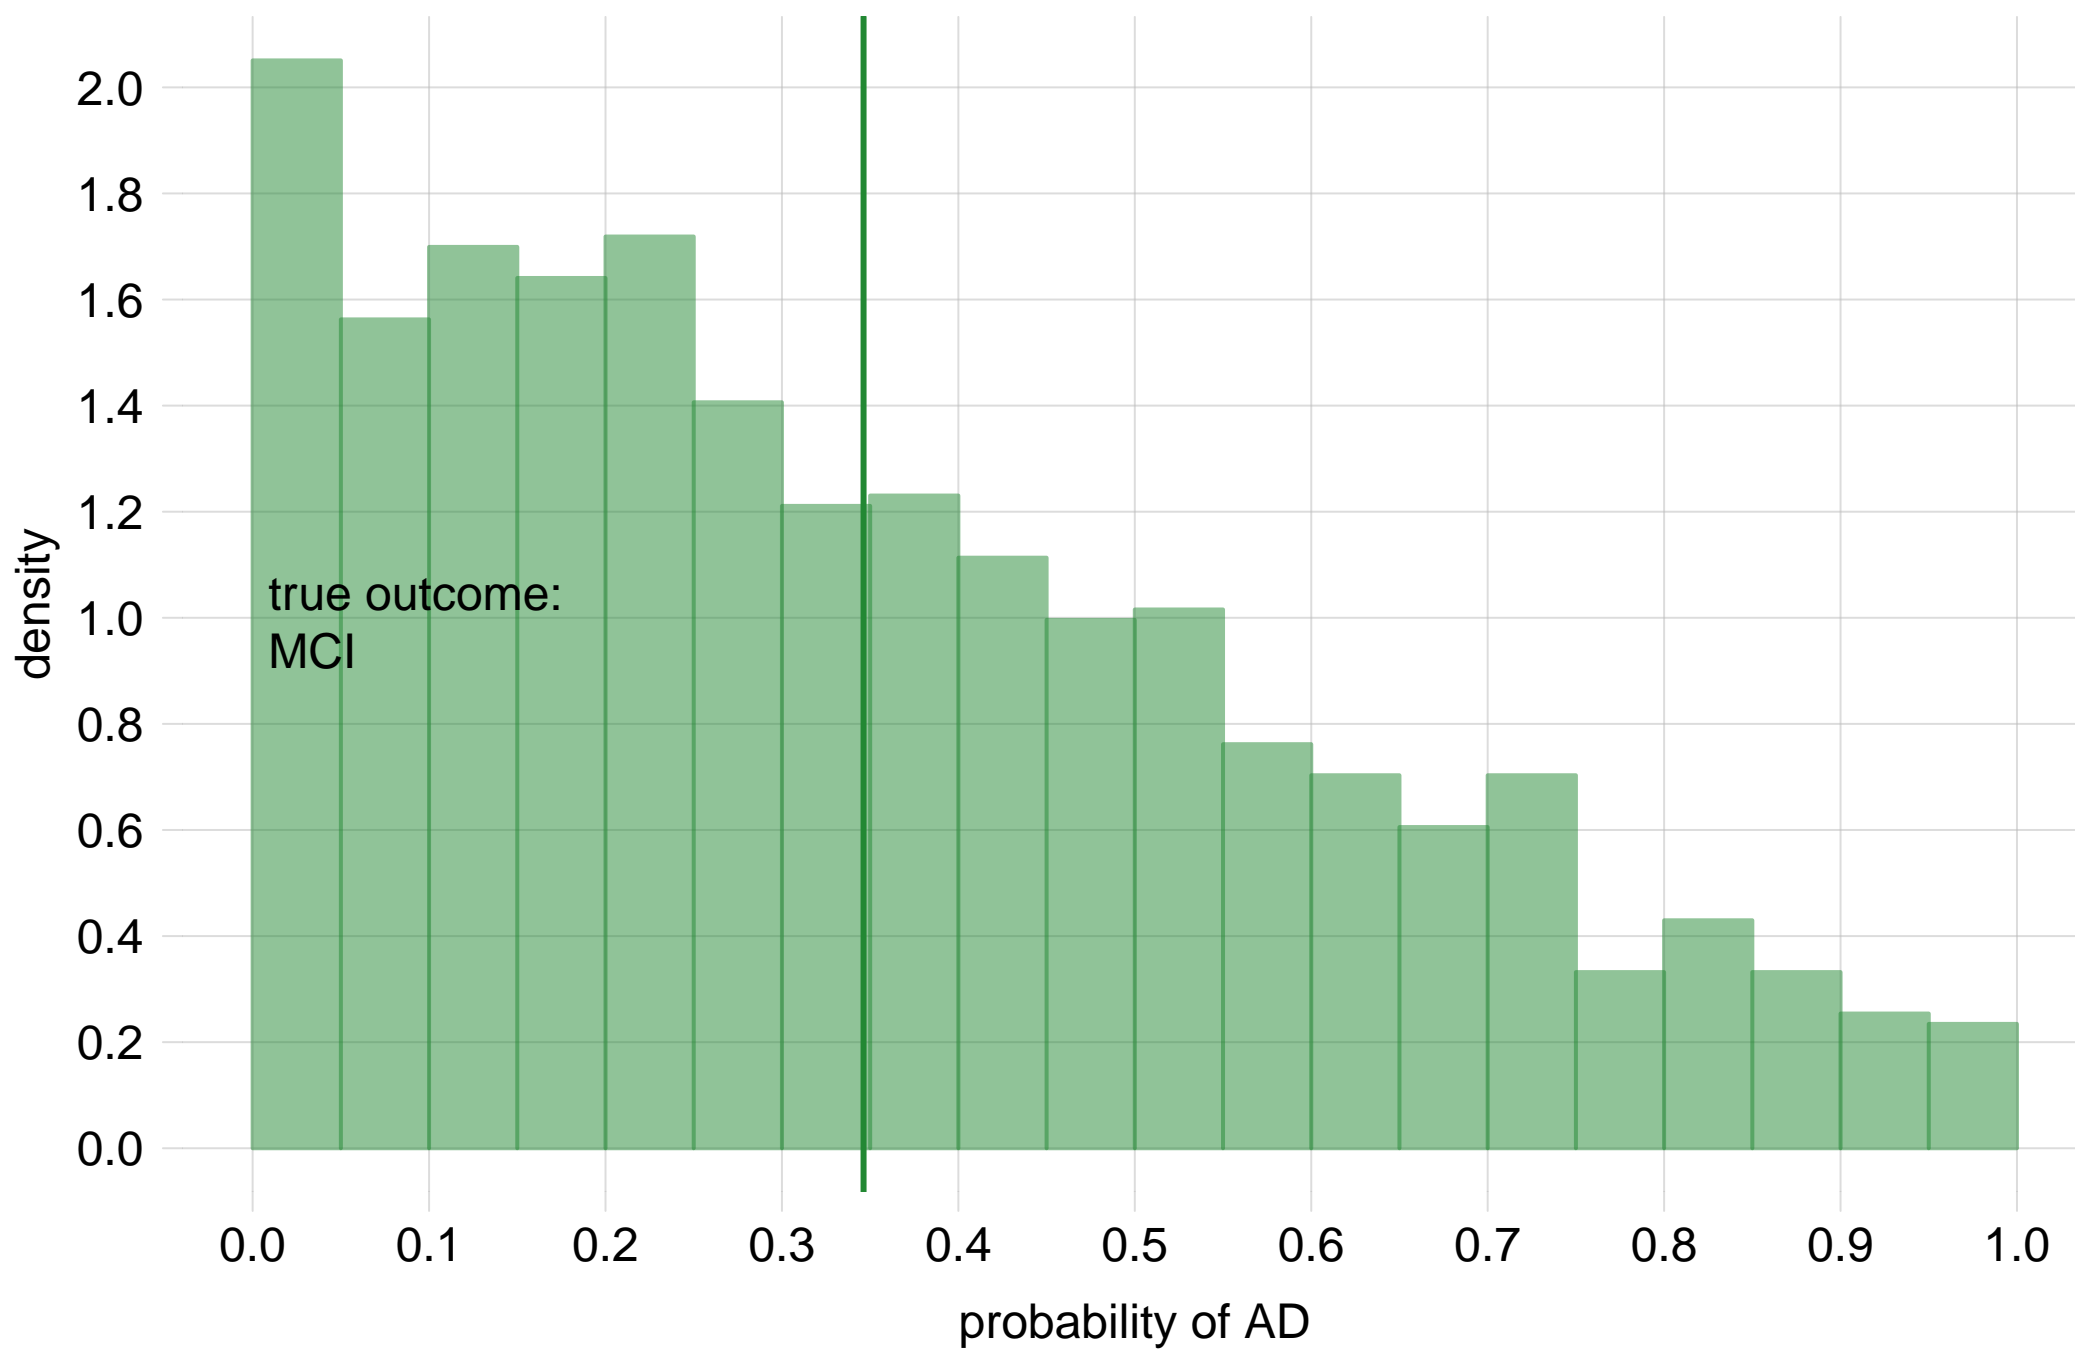

probability of AD between [0.051, 0.3]

probability of AD between [0.0088, 0.24]

probability of AD between [0.035, 0.8]

probability of AD between [0.35, 0.59]

probability of AD between [0.36, 0.86]

probability of AD between [0.18, 0.51]

probability of AD between [0.33, 0.58]

probability of AD between [0.16, 0.43]

probability of AD between [0.028, 0.35]

probability of AD between [0.31, 0.73]

probability of AD between [0.38, 0.75]

probability of AD between [0.48, 0.8]

probability of AD between [0.34, 0.95]

probability of AD between [0.29, 0.59]

probability of AD between [0.19, 0.57]

probability of AD between [0.13, 0.72]

probability of AD between [0.4, 0.64]

probability of AD between [0.13, 0.53]

probability of AD between [0.43, 0.8]

probability of AD between [0.5, 0.86]

probability of AD between [0.34, 0.61]

probability of AD between [0.53, 0.82]

probability of AD between [0.63, 0.92]

probability of AD between [0.032, 0.3]

probability of AD between [0.41, 0.84]

probability of AD between [0.3, 0.59]

probability of AD between [0.28, 0.97]

probability of AD between [0.26, 0.92]

probability of AD between [0.33, 0.89]

probability of AD between [0.39, 0.61]

probability of AD between [0.43, 0.68]

probability of AD between [0.016, 0.61]

probability of AD between [0.17, 0.52]

probability of AD between [0.25, 0.79]

probability of AD between [0.23, 0.78]

probability of AD between [0.6, 0.92]

probability of AD between [0.4, 0.62]

probability of AD between [0.011, 0.25]

probability of AD between [0.17, 0.44]

probability of AD between [0.26, 0.95]

probability of AD between [0.05, 0.24]

probability of AD between [0.36, 0.74]

probability of AD between [0.67, 0.93]

probability of AD between [0.085, 0.48]

probability of AD between [0.043, 0.22]

probability of AD between [0.3, 0.96]

probability of AD between [0.22, 0.59]

probability of AD between [0.4, 0.83]

probability of AD between [0.22, 0.89]

probability of AD between [0.092, 0.42]

probability of AD between [0.6, 0.99]

probability of AD between [0.053, 0.21]

probability of AD between [0.48, 0.75]

probability of AD between [0.38, 0.75]

probability of AD between [0.074, 0.37]

true outcome:
AD

probability of AD between [0.59, 0.86]

probability of AD between [0.26, 0.78]

probability of AD between [0.091, 0.42]

probability of AD between [0.05, 0.24]
