

probability of AD between [0.54, 0.63]

probability of AD between [0.26, 0.35]

probability of AD between [0.38, 0.45]

probability of AD between [0.4, 0.48]

probability of AD between [0.53, 0.64]

probability of AD between [0.49, 0.58]

probability of AD between [0.52, 0.61]

probability of AD between [0.55, 0.65]

probability of AD between [0.53, 0.62]

probability of AD between [0.43, 0.5]

probability of AD between [0.45, 0.53]

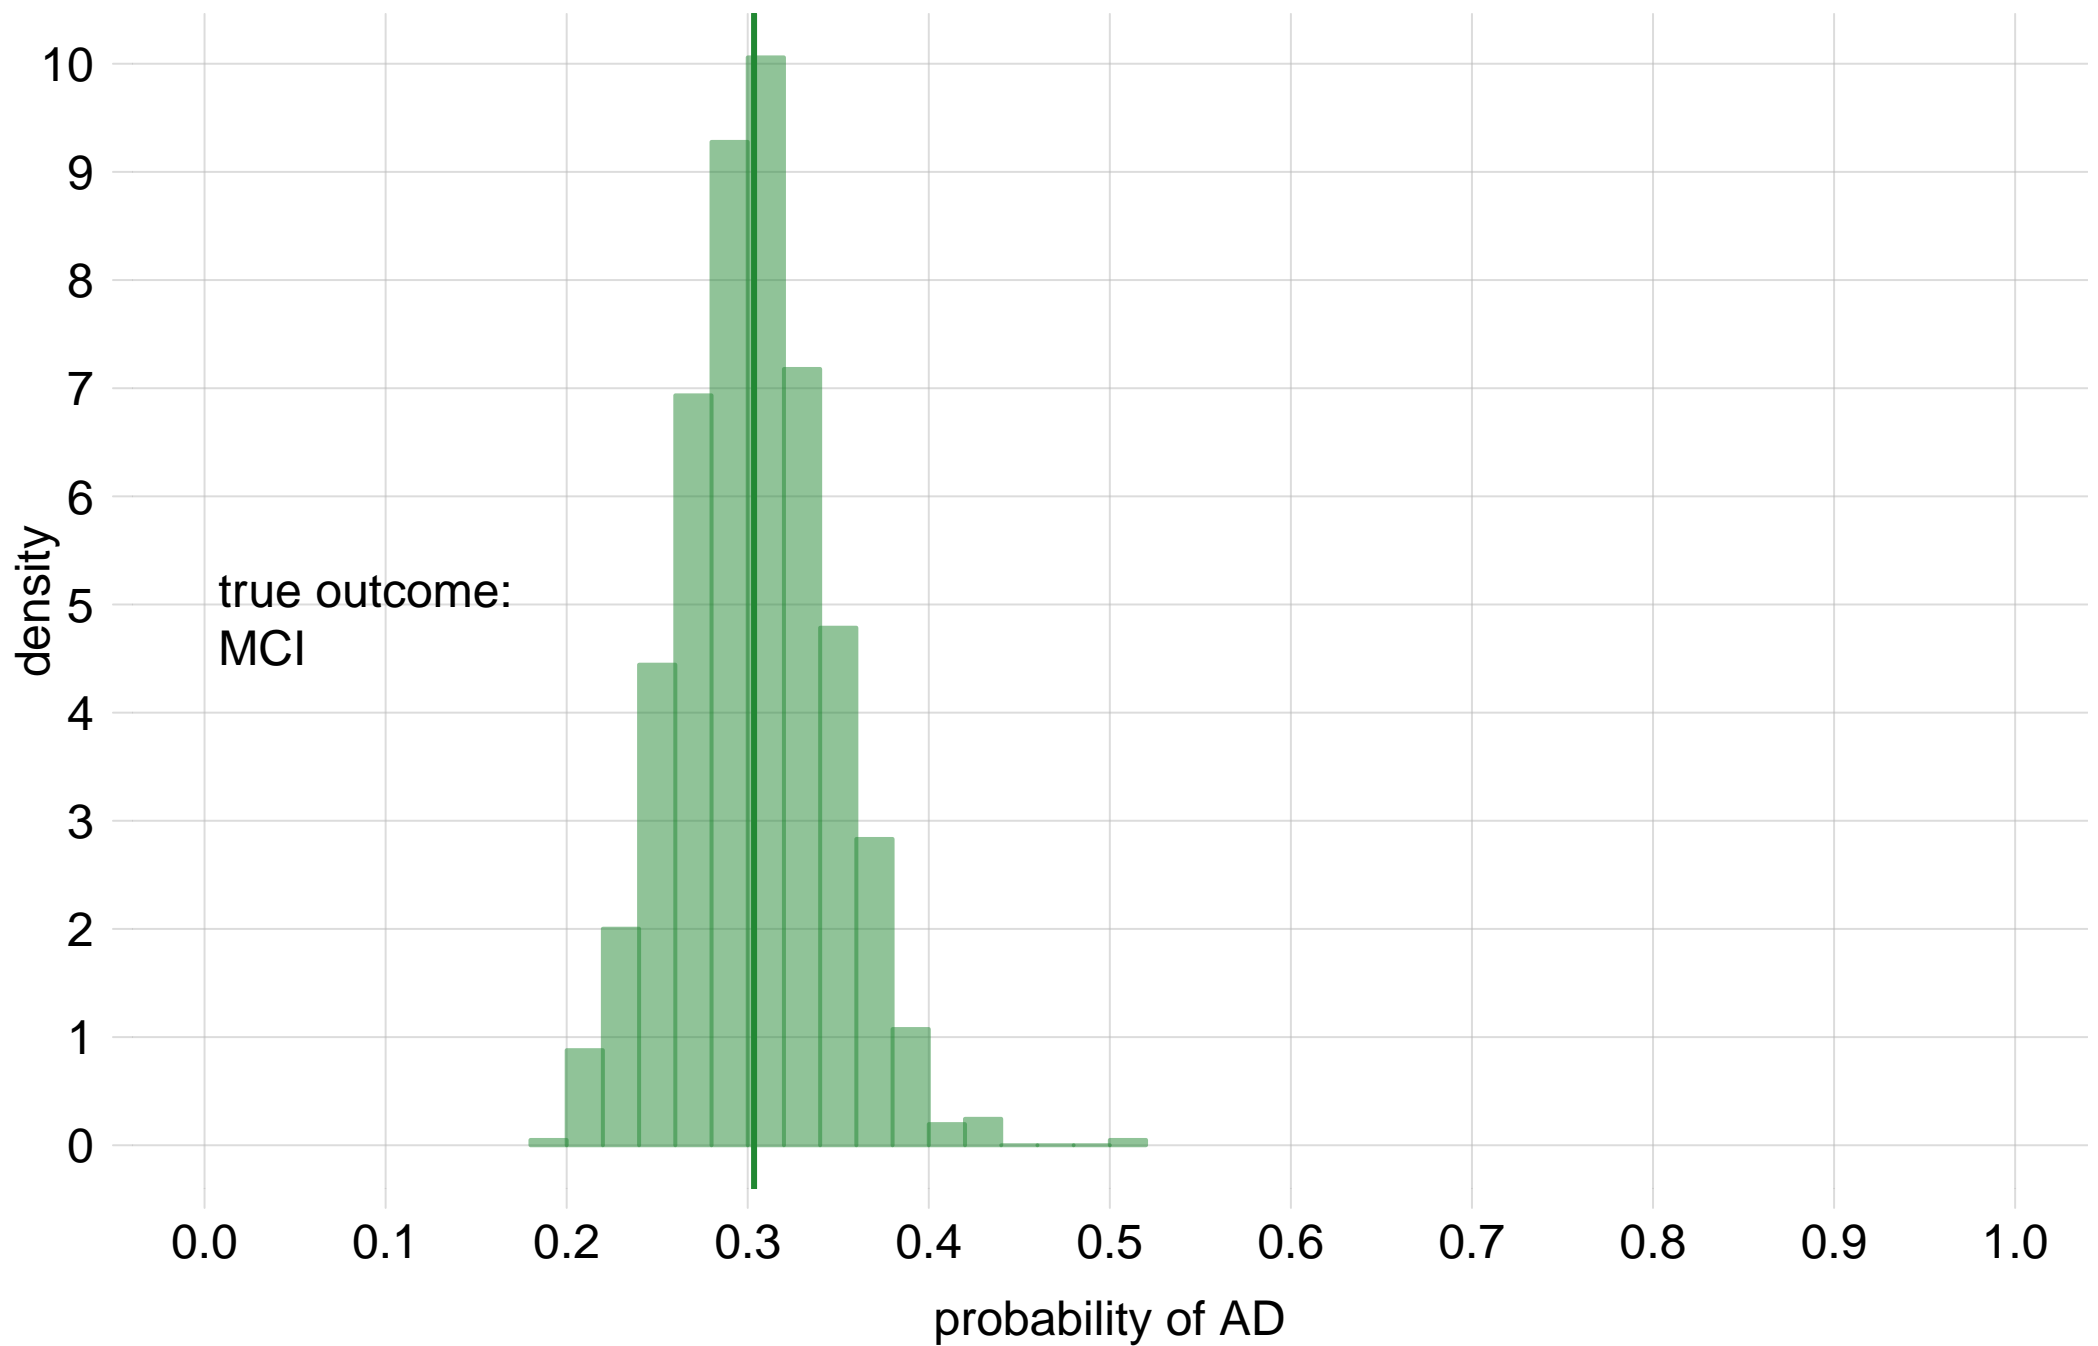

probability of AD between [0.52, 0.6]

probability of AD between [0.53, 0.63]

probability of AD between [0.24, 0.37]

probability of AD between [0.41, 0.49]

probability of AD between [0.45, 0.55]

probability of AD between [0.54, 0.63]

probability of AD between [0.52, 0.65]

probability of AD between [0.3, 0.41]

probability of AD between [0.54, 0.63]

probability of AD between [0.33, 0.41]

probability of AD between [0.39, 0.49]

probability of AD between [0.33, 0.41]

probability of AD between [0.23, 0.33]

probability of AD between [0.54, 0.63]

probability of AD between [0.23, 0.35]

probability of AD between [0.41, 0.49]

probability of AD between [0.53, 0.64]

probability of AD between [0.55, 0.65]

probability of AD between [0.54, 0.65]

probability of AD between [0.54, 0.63]

probability of AD between [0.49, 0.57]

probability of AD between [0.32, 0.41]

probability of AD between [0.42, 0.52]

probability of AD between [0.49, 0.57]

probability of AD between [0.55, 0.65]

probability of AD between [0.24, 0.36]

probability of AD between [0.54, 0.63]

probability of AD between [0.46, 0.59]

probability of AD between [0.41, 0.49]

probability of AD between [0.24, 0.33]

probability of AD between [0.54, 0.63]

probability of AD between [0.28, 0.37]

probability of AD between [0.52, 0.6]

probability of AD between [0.49, 0.57]

probability of AD between [0.26, 0.47]

probability of AD between [0.43, 0.51]

probability of AD between [0.53, 0.62]

probability of AD between [0.47, 0.55]

probability of AD between [0.27, 0.36]

probability of AD between [0.52, 0.61]

probability of AD between [0.29, 0.44]

probability of AD between [0.47, 0.55]

probability of AD between [0.36, 0.44]

probability of AD between [0.4, 0.48]

probability of AD between [0.26, 0.38]

probability of AD between [0.55, 0.65]

probability of AD between [0.28, 0.36]

probability of AD between [0.41, 0.5]

probability of AD between [0.46, 0.54]

probability of AD between [0.35, 0.44]

probability of AD between [0.34, 0.42]

probability of AD between [0.27, 0.36]

probability of AD between [0.52, 0.6]

probability of AD between [0.45, 0.53]

probability of AD between [0.5, 0.57]

probability of AD between [0.46, 0.53]

probability of AD between [0.27, 0.36]

probability of AD between [0.49, 0.58]

probability of AD between [0.51, 0.64]

probability of AD between [0.45, 0.53]

probability of AD between [0.54, 0.65]

probability of AD between [0.5, 0.58]

probability of AD between [0.54, 0.65]

probability of AD between [0.4, 0.48]

probability of AD between [0.51, 0.59]

probability of AD between [0.49, 0.58]

probability of AD between [0.48, 0.57]

probability of AD between [0.53, 0.62]

probability of AD between [0.49, 0.58]

probability of AD between [0.53, 0.62]

probability of AD between [0.53, 0.62]

probability of AD between [0.39, 0.47]

probability of AD between [0.34, 0.47]

true outcome:
AD

probability of AD between [0.52, 0.65]
