

probability of AD between [0.3, 0.77]

probability of AD between [0.21, 0.64]

probability of AD between [0.027, 0.75]

probability of AD between [0.026, 0.42]

probability of AD between [0.27, 0.47]

probability of AD between [0.11, 0.4]

probability of AD between [0.28, 0.47]

probability of AD between [0.32, 0.79]

probability of AD between [0.55, 0.99]

probability of AD between [0.36, 0.7]

probability of AD between [0.11, 0.33]

probability of AD between [0.16, 0.84]

probability of AD between [0.44, 0.74]

probability of AD between [0.018, 0.18]

probability of AD between [0.35, 0.73]

probability of AD between [0.19, 0.64]

probability of AD between [0.21, 0.5]

probability of AD between [0.099, 0.32]

probability of AD between [0.039, 0.23]

probability of AD between [0.4, 0.92]

probability of AD between [0.14, 0.41]

probability of AD between [0.007, 0.19]

probability of AD between [0.12, 0.63]

probability of AD between [0.4, 0.66]

probability of AD between [0.42, 0.78]

probability of AD between [0.53, 0.86]

probability of AD between [0.54, 0.95]

probability of AD between [0.0048, 0.17]

probability of AD between [0.48, 0.87]

probability of AD between [0.21, 0.48]

probability of AD between [0.57, 0.92]

probability of AD between [0.29, 0.73]

true outcome:  
AD

probability of AD between [0.62, 0.92]

probability of AD between [0.28, 0.47]

probability of AD between [0.11, 0.41]

probability of AD between [0.35, 0.73]

probability of AD between [0.61, 0.94]

probability of AD between [0.021, 0.17]

probability of AD between [0.51, 0.86]

probability of AD between [0.27, 0.47]

probability of AD between [0.66, 0.89]

probability of AD between [0.15, 0.7]

probability of AD between [0.11, 0.33]

probability of AD between [0.43, 0.85]

probability of AD between [0.11, 0.42]

probability of AD between [0.23, 0.97]
